

August 2016

Dear Parents/Guardian:

Maschio's Food Services is delighted to continue as the food service provider for the Roselle Borough Schools. Lunch will once again be offered daily at each school and breakfast will be offered at all schools. Meals may be paid for in cash at the checkout line or a check may be sent in on a daily, weekly or monthly basis or you may choose to use the **PayFort** on-line system (payforit.net). Each student has an account to which money can be applied and will be identified by entering their Personal Identification Number (PIN) at the checkout so their meal can be accounted for. Your student will keep the same PIN number from kindergarten through 12th grade.

Any student enrolled last year in the Roselle schools, grades pre K-11, who had a balance in their account at the end of the school year, will be able to use that money this year **EVEN IF** they changed buildings. It is strongly suggested that you keep in touch with your children ('s) account balances. You may retrieve student balances on-line via the PayFort (Payforit.net) feature or through the *Low Balance* letters which are sent home once every ten days when their account balance reaches \$0.00 or less.

When submitting a check please make sure it is made payable to "RBBOE." and include the student's full name and PIN number written clearly on the check. We've attached the September menu for your viewing as well as an itemized Price List. Also attached is the Payment Form on which you may place monies on account as well. Unless stated otherwise, your student may use the monies in his/her account to buy any items we sell.

Also, as a reminder, at the end of each school year, monies left in your 12th grader's account can be credited to another sibling's account in our school system (Roselle only).

Should you have any questions or concerns, please direct them via e-mail to: tmoneim@maschiofood.com. Maschio's greatly appreciates your cooperation and support of the food service program in the Roselle district and we look forward to serving your students once again.

Sincerely,

Theresa Moneim

Theresa Moneim, Food Service Director
